Dear Hiring Manager,

I am writing to express my interest in the Full Stack Engineer position at Tecell, as advertised. With a strong foundation in software development, hands-on experience across various projects, and a passion for building innovative and efficient applications, I believe I can contribute significantly to your team.

I am currently pursuing a B.Tech in Computer Science at KCC Institute, with a GPA of 7.3, and I hold a Diploma in Computer Engineering from Amity University, where I graduated with a GPA of 9.0. Throughout my academic and professional journey, I have interned with companies like **Evolve 8 Studio**, **Waywen**, and **RunMedia**, where I honed my skills in **NextJS, NodeJS, Typescript, Docker**, and other technologies. For instance, during my time at Evolve 8 Studio, I led a team in developing the **Thodi Baat & Matrimony Web App**, which involved POS and E-commerce functionalities. I also introduced Docker to the team, reducing development time by 5%.

At **Waywen**, I led the overhaul of an E-commerce platform, resulting in a 25% increase in efficiency and a 30% rise in upsells through enhanced JavaScript functionality. My technical skills, including **ReactJS, Flutter, Solidity, PostgreSQL, and MongoDB**, have been integral to the success of various projects like the **Atithi Code Helping AI Tool**, and the **Face Recognition Attendance System**.

I am confident that my experience in leading teams, managing complex projects, and my technical proficiency would make me a valuable asset to [Company Name]. I am particularly drawn to this opportunity because of [specific reason related to the company, if known], and I am excited about the chance to contribute to your team.

Thank you for considering my application. I am eager to discuss how my skills and experiences align with the needs of your team. I look forward to the opportunity to interview with you.

Sincerely,
Aakash Amod Rajput
